Library books due tomorrow

CURRICULUM

Academic Departments

Explore specialized faculties and discover over 450 subjects curated for your academic journey.

124 Subjects

Computer Science

Software engineering, AI systems, and computational theory.

[View subjects](#) →

98 Subjects

Engineering

Structural analysis, thermodynamics, and robotics design.

[View subjects](#) →

65 Subjects

Arts & Design

Visual communication, fine arts, and digital media production.

[View subjects](#) →

82 Subjects

Business School

Economics, global trade, and strategic management.

[View subjects](#) →

112 Subjects

Medical Sciences

Anatomy, clinical practice, and neuroscience studies.

[View subjects](#) →

74 Subjects

Social Sciences

Sociology, anthropology, and political science.

Target CGPA Planner

Desired Final CGPA

Current: 3.62

Target: 3.85

SIMULATION RESULT

To reach **3.85**, you need an average of **3.92** across the next 3 semesters.

ESTIMATED GPA

3.82

Distinction Level

Based on 7 current credits and selected grade projections.

Performance Shift

+12%

Your projected semester GPA is higher than last semester's 3.41 by 0.41 points.

Current CGPA

3.62

Total Credits Earned

84

Strategy Tip

Focus on "Data Structures" (4 credits). Increasing that grade to A+ would boost your CGPA by an additional **0.03**.
